Moon hangs high, as I reach she embraces me.

## Standard tuning

### Verse (D, Dsus4, D, Dsus4, Cadd9, G) **bouncy fingerpicked rhythm**

Drizzle filled, Nights like these.  
Made for, desperate poetry.

Moon hangs high  
As I reach  
It embraces me.

Restlessness,  
I can't sleep.  
My mind is unreeling

Voices soft,  
Dulcet tone  
I can't shake this feeling.

### Pre chorus (Am E, Am F - G\*)

Dark creeps in,  
Heartbeats make a deafening din.

### Chorus (G, D, E, Cadd9) **strummed rhythm**

I hammer out these chords  
As I wail my soul drips forth  
Buried in these words  
The tell tale sign of an inner war.

**Verse (D, Dsus4, D, Dsus4, Cadd9, G) bouncy fingerpicked rhythm**

Autumn leaves

Hang from the tree.

Swaying in the breeze.

Heard her voice

Cross the sea,

I picture her with ease.

Canvas of emptiness

My cold white ceiling

What once was said,

Brought disbelief

But baby, I believe it.

**Pre chorus (Am E, Am F - G\*)**

Dark creeps in,

Heartbeats make a deafening din.

**Chorus (G, D, E, Cadd9) strummed rhythm**

I hammer out these chords

As I wail my soul drips forth

It's buried in these words

The tell tale signs of an inner war.

**Break down 1 (Cadd9, Dsus 4) x 4 strummed rhythm**

Empty Words carry little weight now.

**Break down 2 (Am E, F, G\*) fingerpicked**

I told my part, torn apart

Better days are yet to come

**(Am E, F, G\*, F, C, G) fingerpicked**

I told my part, I broke her heart

Pray for nights like these.
